

Achievement Data 2016

St Gabriel's children rose to the challenge of the new End of Key Stage Tests and have achieved really well in a year of higher expectations. In previous years, our children have consistently achieved above the national average and this year is no exception. Our children have yet again achieved above average results in the Early Years, in the Year 1 phonics tests, End of Key Stage 1 assessments and have attained considerably above the national average in the end of Key Stage 2 tests. We are exceptionally proud of them and are delighted with the 2016 results.

	St Gabriel's Attainment 2016	National Average 2016
FSP		
Good Level of Development	77%↑	69%
Year 1 Phonics	88%↑	81%
KS1 Children achieving the Expected Standard:
