### **Purpose**

This policy outlines how we will ensure our Pupil Premium allocation is spent to maximum effect in order to illuminate any disadvantage our pupils may face.

### **Background**

The pupil premium is a government initiative that provides schools with extra funding to spend on diminishing the difference in success between pupils from disadvantaged backgrounds and their peers. Research shows that pupils from disadvantaged backgrounds underachieve compared to their non-disadvantaged peers. The premium is provided to enable these pupils to be supported to reach their potential.

The Government has used pupils entitled to free school meals (FSM), looked after children and service children as indicators of deprivation, and have provided a fixed amount of money for schools per pupil based on the number of pupils registered for FSM over a rolling six year period.

### **Aims:**

We have extremely high aspirations and expectations for our pupils at St Gabriel's. With our core values including equality, justice and compassion, we strongly believe that affluence should never determine our pupils' success. We strive for all our pupils to develop into resilient, effective and confident learners, regardless of their socio-economic background. We are determined to improve the life chances of every child on our roll by giving every child the same chance to realise their true potential.

### **Context**

Common barriers for pupils in receipt of FSM can be less support at home, reduced proficiency in English or communication skills, a lack of confidence, more frequent behaviour difficulties, as well as attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. At St Gabriel's we believe that the challenges are varied and there is no 'one size fits all'.

### **Key Principles**

By following the key principles below, we believe we can maximise the impact of our pupil premium spending.

#### ***Building Belief***

We will provide a culture where:

- staff believe that there are “no limits” to what our children can achieve
- there are “no excuses” made for underperformance
- staff adopt a “solution-focused” approach to overcoming barriers

#### ***Analysing Data***

We will ensure that:

- All staff are involved in the analysis of data so that they are fully aware of strengths and weaknesses across the school
- We use research (e.g. Education Endowment Foundation Toolkit) to support us in determining the strategies that will be most effective

#### ***Identification of Pupils***

We will ensure that:

- ALL teaching staff and support staff are involved in the analysis of data and identification of pupils
- ALL staff are aware of who pupil premium and vulnerable children are
- ALL pupil premium children benefit from the funding, not just those who are underperforming
- Underachievement at all levels is targeted (not just lower attaining pupils)
- Children's individual needs are considered carefully so that we provide support for those children who could be doing “even better if....”

#### ***Improving Day to Day Teaching***

We will continue to ensure that **all** children across the school receive good teaching, with increasing percentages of outstanding teaching achieved by using our team leaders to:

- Set high expectations
- Address any within-school variance
- Ensure consistent implementation of the non-negotiables
- Share good practice within the school and draw on external expertise
- Provide high quality CPD
- Improve assessment through moderation

### *Increasing learning time*

We will maximise the time children have to make progress through:

- Improving attendance and punctuality
- Providing earlier intervention (KS1 and EYFS)
- Extended learning out of school hours

### *Individualising support*

We will ensure that the additional support we provide is effective by:

- Looking at the individual needs of each child and identifying barriers to learning
- Ensuring additional support staff and class teachers communicate regularly
- Using senior and middle leaders to provide high quality interventions across their phases
- Matching the skills of the support staff to the interventions they provide
- Working with other agencies to bring in additional expertise
  - Beanstalk – volunteer readers
  - School Home Support
- Providing extensive support for parents
  - to develop their own skills
  - to support their children's learning within the curriculum
  - to manage in times of crisis
- Tailoring interventions to the needs of the child (e.g. targeted maths sessions in the afternoons for children who struggle in the main lesson)
- Recognising and building on children's strengths to further boost confidence (e.g. providing opportunities for pupils to attend workshops and aspirational career visits)

### *Going the Extra Mile*

In our determination to ensure that ALL children succeed, we recognise the need for and are committed to providing completely individualised interventions for set periods of time to support children in times of crisis.

### **Monitoring and Evaluation**

We will ensure that:

- A wide range of data is used – achievement data, pupils' work, observations, learning walks, case studies, and staff, parent and pupil voice
- Assessment data is collected frequently so that the impact of interventions can be monitored regularly
- Assessments are closely moderated to ensure they are accurate
- Teaching staff and support staff attend and contribute to pupil progress meetings each term and the identification of children is reviewed

## St Gabriel's C of E Primary School - Pupil Premium Policy

- Regular feedback about performance is given to children and parents
- Interventions are adapted or changed if they are not working
- Case studies are used to evaluate the impact of pastoral interventions, such as on attendance and behaviour
- A designated member of the SLT maintains an overview of pupil premium spending
- A governor is given responsibility for pupil premium

### **Reporting**

When reporting about pupil premium funding we will include:

- information about the context of the school
- objectives for the year
  - reasons for decision making
  - analysis of data
  - use of research
- nature of support and allocation
  - Learning in the curriculum
  - Social, emotional and behavioural issues
  - Enrichment beyond the curriculum
  - Families and community
- an overview of spending
  - Total PPG (pupil premium grant) received
  - Total PPG spent
- a summary of the impact of PPG
  - Performance of disadvantaged pupils (compared to non-pupil premium children)
  - Other evidence of impact e.g. Ofsted, Accreditations
  - Implications for pupil premium spending the following year

The Governing Body will consider the information provided to ensure that pupil premium funding is used to achieve maximum impact for our children.
